

2023-24 Attendance Commitment and Program Agreements

I am aware of the attendance policy: attendance at all sessions is mandatory, and 5 of the 6 sessions must be attended in order to graduate from the program. Attendance will be confirmed by student signature on a designated sign-in sheet at live classes and/or visual confirmation by a University of US official of a student’s live image and log-in during an online class. Students must be visually present for the duration of each class meeting held online.

If it is necessary to be absent, I will notify the University of US program contact person in advance. Students will be reminded in advance by email from universityofus2024@gmail.com of times and locations for the sessions.

I am aware that the following are the scheduled session dates for U of US 2024. All sessions officially begin at promptly 4:45 p.m. and end at 6:45 p.m. on the scheduled days unless otherwise determined.

I further understand that successful completion of the University of US program is required in order to apply for the U.S. Constitution Scholarship Foundation’s scholarships.

As communication with students and parents is done via email, I agree to frequently check my email for messages from universityofus2024@gmail.com.

Opt Out: I DO NOT allow the participating student’s picture to be used, along with the student’s name, in promoting the University of US in print and online publications. Parent’s Initials _____ Student’s Initials _____
